WORK EXPERIENCE

Software Developer (Android)
Kuliza Technologies ↗

Mar 2018 - Apr 2018 • Bangalore, India

- Improved the Architecture & UI of HDFC Life Android app, which led to easier integration of new features and more downloads.
- Built the UI for a few workflows of Acko Android app from scratch.

Android Developer & Product Engineer
HealthGraph ↗

Jan 2018 - Mar 2018 • Bangalore, India

- Built a B2B2C app, Silfra, that helps doctors & patients interact with each other via the app & integrates well with hospitals & clinics. Designed & developed from scratch.
- Worked on offline capabilities for electronics health records app, Foss, which increased usability.

Android & UX Design Mentor
OpenClassrooms ↗

Feb 2018 - Present • Remote Mentoring

- Youngest Android Mentor at OpenClassrooms.
- Mentoring students who are enrolled in the Android & UX Design paths.
- Checking up on their progress weekly to guide, help and ensure that they complete their Android & UX Design projects on time.
